This is a general schedule only. Depending on the curriculum for each grade level, the schedule may vary. Please refer to your grade or major syllabus for more detailed information.

*Safe Space is a time at the beginning and end of each day when scholars and their advisors gather to allow free expression of anything anyone might be feeling or thinking. The idea behind this is that what is said in this circle stays in this circle, and it is a space "safe" from judgment or punishment. Rather, it is an open forum for thoughts and feelings.
