Executive Health

Customized Health & Wellness Assessments at the #1 Medical Center in New York*

Executive Health partners with you to achieve your optimal level of health through a comprehensive and personalized physical exam program.

Your complete health assessment – tailored to your gender, age, and personal preferences – includes:

- Review of your medical history
- Comprehensive panel of blood and urine testing
- Electrocardiogram and any additional testing based on your personal health needs
- A thorough physical examination

Your day is scheduled in advance and you will be escorted to each exam and consultation.

After your visit, we will provide you with a detailed summary of findings with recommendations and copies of medical reports.

In addition, Executive Health is available for ongoing care coordination and scheduling of follow-up appointments or consultations with our clinical specialists as needed.
